

Eye on Success at Bridgeport Elementary Schools December 2015

Season's Greetings from Family Vision Center! Thank you for your support in bringing healthy eye care to Bridgeport elementary schools. This holiday season, please give your student the gift of good vision. All children deserve a clear future and you can make sure your child has the tools needed to succeed in school and later in life.

Please make it your New Year's resolution to:

Have your child wear proper eye wear in sports.

Limit your child's TV and computer screen time.

Pay attention to symptoms of vision problems.

Schedule a yearly eye exam for your child.

From our family to yours, we wish you a happy holiday and a healthy 2016!
